C	2 55

Spirits Turpentine, 5 3/4 cents.

New York Futures.

New York, Jan. 17.—Cotton futures opened firm; January 6.90 bid; February 6.93; March 7.00; April 7.04; May 7.10; July 7.20; August 7.26; September 7.28; October 7.29; November 7.34; December 7.35 bid.

New York Cotton.

New York, Jan. 17.—The cotton market opened firm at an advance of 4 to 5 points and shortly afterward sold about 8 to 9 points net higher on better cables than looked for, covering of shorts and what seemed to be some buying for investment account, on small receipts. The larger bears, however, seemed not at all nervous over the situation and later in the morning the market, which had been fairly active, quieted down with prices selling back from the best level of the morning and showing a net gain of only 2 points.

New Orleans Market.

New Orleans, Jan. 17.—Market steady; January 6.90-95; February 6.92-94; March 6.96 bid; April 6.99-7.01; May 7.04-7.06; June 7.08-7.10; July 7.14-7.15; August 7.16-7.18; September 7.20 bid.

Wall Street Stocks.

New York, Jan. 17.—Opening prices of stocks to-day averaged an eighth higher, although there were few declines. Dealings were very large in Union Pacific, United States Steel preferred and Copper. Union Pacific sold at 119 and 119 1/4, compared with 119 last night, and United States Steel preferred rose an extreme 3/4. Amalgamated copper sold at 74 1/2 and 76 1/2, compared with 74 1/2 and 76 1/2 last night. There was a gain of a point in Minneapolis, St. Paul and Sault Ste Marie.

Imperfect Digestion.

Means less nutrition and in consequence less vitality. When the liver fails to secrete bile, the blood becomes loaded with bilious properties, the digestion becomes impaired and the bowels constipated. Herbine will rectify this; it gives tone to the stomach, liver and kidneys, strengthens the appetite, clears and improves the complexion, infuses new life and vigor to the whole system. 50 cents a bottle. Sold by all druggists.

COUNCIL WILL HOLD MEETING

REGULAR SESSION OF THE BODY IS TO BE HELD TO-NIGHT AT THE CITY HALL.

The City Council will hold its regular monthly meeting to-night, and it is anticipated that the session will be somewhat of an interesting one, though at present but few matters of importance are ready to be placed before the body for consideration.

Quite a number of ordinances, however, which were introduced at the last meeting and the one previous, will be brought up on second and third readings, and as one or two of them are of considerable importance, it is anticipated that there will be some discussion and argument before their final passage.

It is not probable that a report from the Water Committee, regarding the franchise of the Pensacola Water Works will be made, except to state that the committee has employed a competent man to look for the document and to classify all other city papers, which is now being done by Chas. A. Choate.

Pleasant and Most Effective.

T. J. Chambers, Ed. Vindicator, Liberty, Texas, writes December 25, 1902: "With pleasure and unsolicited by you, I bear testimony to the curative power of Ballard's Horehound Syrup. I have used it in my family and am cheerfully affirming it is the most effective and pleasant remedy for coughs and colds I have ever used." 25c, 50c and \$1.00. Sold by all druggists.

Pensacola Lodge No. 42, F. & A. M.

Regular meeting of Pensacola Lodge No. 42, F. & A. M., Thursday evening, January 19, at 7:30 o'clock. Work in F. C. degree. Visiting brethren fraternally invited.
C. McKENZIE OVERTING,
 Secretary.

Pitch Pine Market

Conditions for Past Week.

The Gulf Coast Record contains the following for this week ending January 14th:

Freight Market Conditions.

Timber freights are scarce, and rates for the present are nominal. There were no fixtures reported.

River Plate. Tonnage continues dull, and rates are unchanged. The only fixture reported was sch Leah A. Whidden, 199, Jacksonville to Demerara, p. t.

West Indies. Tonnage is in moderate demand, but not in sufficient volume to in any way stimulate previous rates. The only fixture reported was sch H. B. Homan, 239, Jacksonville to a Windward Island, p. t.

Pitch Pine Market Conditions.

Sawn Timber. The market on the Gulf is stronger than ever before in the history of the trade. Among the sales at Mobile we note, 1,500 pcs, 26 ft av. at 17 1/2 c.; and the W. K. Spruce Timber Co. contracted with the Blacksher Lumber Co. for 15,000 pcs, 30 to 35 cu ft av. at 18c. Another shipper at Mobile paid 18c for a contract of 10,000 pcs 30 cu ft av. This figure seems to be firmly established at Mobile. At Moss Point, Miss., 500 pcs, 27 1/2 cu ft av. sold at 16c. The entire yellow pine market has an upward tendency brought about by low rivers and the small cut, to save nothing of the prospective demolition of the forests, heretofore considered inexhaustible. The demand from South Africa is reviving and the colliery plants and ship yards of Europe are becoming active. Stocks on the Gulf remain as last reported.

Logs. The demand is urgent and values in the ascending. Recent rains have caused a slight rise in the streams and heavy rains are reported all over the Gulf and a few are arriving at the ports. The mills at Mobile received the usual supply. Later:

Heavy rains have flooded all streams on the Gulf. Thousands of logs are floating to Moss Point and the Pearl River mills will also receive a full supply. Pottevant & Payne, who will receive a full year's supply, will start up their plants, which have been shut down since November. All logs will come down on this rise, but this will not affect the market, as the bulk was paid for long ago.

Hewn. The market is active for good stock and the urgent demand for lumber to the ports by rail. Shippers are buying all available stock at full values.

Prime. The demand while small, equals the cut. Reports indicate some improvement abroad and shippers are not forcing the market. Owing to the enormous demand from all sections, the mills are not interested in the manufacture of prime lumber. The market is firm. The choice logs instead of going to prime lumber are now being made into swan timber. The small outward movement will give an opportunity for the adjustment of the foreign markets. Stocks on the Gulf are small. The market has strengthened in the past few days and about 3,000,000 ft. of heartface floorings were contracted. Values are advancing.

Heartface Floorings are advancing. The market is firm. The choice logs instead of going to prime lumber are now being made into swan timber. The small outward movement will give an opportunity for the adjustment of the foreign markets. Stocks on the Gulf are small. The market has strengthened in the past few days and about 3,000,000 ft. of heartface floorings were contracted. Values are advancing.

bouyancy and millions of feet remain in the hands of the buyers. The mills are full up from 30 to 60 days and more orders are declined than are accepted. The feature of the market is the demand for car material and finish. "B" and better finish, 1 1/4 in. x 6 in. and up, rough, is selling at \$20; 1 in., 6 in. and up, rough, at \$17.50. Flooring is also in good demand. No. 1 Common, 4 in. is selling at \$8 and No. 1 Common, 4 in. at \$13. The mills are not inclined to load up and few of them are running nights. Business is increasing and the amount of surplus business is enormous. At a meeting of the price list committee of the Southern Lumber Mfrs. Association, held at St. Louis, the following advance was made, effective January 19, 1905: "C. Edge Grain Flooring \$1 per M.; "A" and "B" Flat Grain Flooring \$1 per M.; No. 1 Fence Flooring \$1 per M.; 3/4 Ceiling (all grades), \$1.50 per M.; Partition, (all grades), \$1 per M.; Drop Siding, (all grades), 50c per M.; 4 in. Finish, \$1 per M. Make 6 in. finish the same price as 8 in. and then advance all grades finish 6 in. and wider, \$1.50 per M.; Moulding, casing and base \$1.50 per M.; Window and door jams, \$1.50 per M.; Wagon bottoms, 10c per set, 57 mills reported having business on hand for 30 days; 9 mills reported more stock on hand than a year ago and 48 mills reported less. The net amount being 27,000,000 feet reduction in stocks." There is a famine in finish of all widths and grades. At the meeting there was a sentiment in favor of a further advance on the other items, but this was dropped until the annual meeting which is to be held at New Orleans, Jan. 24-25. The retail dealers of Alabama and Tennessee held a meeting at Birmingham this week, which was well attended, and "The Retail Dealers' Association of Alabama and Tennessee" was organized with W. E. Wallis, secretary. This is a move in the right direction and good results will follow. Reports from 25 of the principal cities show building permits for December to be \$24,353,176 against \$16,732,670 for the corresponding month of last year, an increase of 45 per cent. An interesting feature of the increase is the reflection of the improved condition in steel and iron. Pittsburgh, Pa., shows an increase of 458 per cent. Other notable increases from the big mills of good Danielson Lumber Co., Moss Point, Miss. Shephard, Farmer & Co., Boston, has an order from the Canadian Pacific Ry. for 3,500,000 ft. car material. It is a difficult matter to place car material just at this time, even at full value as all of the mills are full. A very reliable and conservative correspondent writes from the Atlantic Coast says: "Conditions are puzzling. Brokers cannot sell and buy at a profit. The Eastern market, while improving, has not kept pace with the South. There is a strong belief among the mills that an advance is imminent and this confidence would alone bring about an advance. There is more of this confidence shown than we have ever noted before. The Georgia mills are cutting mostly for the interior trade leaving only the East Florida mills for the Eastern or Coastwise markets. This cutting in two of the supply has had its effect and buyers are having trouble in placing orders. We look for higher prices this year than have ever prevailed in Florida. The railroads will advance rates in Florida on the 16th to the ports and to local points in Georgia. This advance averages nearly 20c and means about \$1 per M. This advance is generally known but it has been verified by Gen. Frt. Agts. of the Seaboard Air Line and the Atlantic Coast Line. Much feeling is manifested on account of the advance in rates and a further advance in prices of lumber is inevitable."

Among the Mills. A feeling of confidence is noted. All reports indicate ample business offering. Orders for the full year's cut could be booked but the mills are not inclined to load up. Values are gradually stiffening and there are instances of a sharp advance in some instances. In this connection it would be advisable for the manufacturer to look well to the cut and hold it well in hand. At the moment it is far short of the demand and as long as this condition obtains, values will take care of themselves. At Mobile the mills are running regularly. The Sullivan Timber Co. is cutting sawn on contract and South American schedules. The Crescent Lumber Co. is cutting sawn and Coastwise cargoes, while the Alabama Lumber Co. has started up, under the management of Geo. R. Cleveland who has leased the property for a term of years. All out of town mills are running and shipments North are limited only by the available number of cars. The Gulf mills are cutting more Coastwise stock than ever before. Over on the Gulf & Ship Island RR the big band mills of the J. E. North Lumber Co., Bend, Miss., are running regularly on both interior and export business. New sheds are being built to care for kilndried saps. This concern is putting in a new gang, making this plant one of the most complete in the South. This concern contemplates building a low road, 25 miles west of the Gulf & Ship Island RR, where it owns 65,000 acres of timber land. The Robinson Land & Lumber Co., Chicora, Miss., reports business as especially good. This concern has 2 vessels due at Mobile for the River Plate and one for Porto Rico.

"Cure the cough and save the life." Dr. Wood's Norway Pine Syrup cures cough and colds, down to the very verge of consumption.

SHIPPING NEWS

Arrived.
 Freshfield, Br ss, Lawrence, 1750, Mobile to F. O. Howe.

A Good Night's Rest.
 The greatest tonic on earth is a good night's rest. Restless nights and the terrible exhaustion of a hacking cough are dread dangers of the poor consumptive. But why this fear of the night when a few doses of Dr. Roschee's German Syrup will insure refreshing sleep, entirely free from cough or night sweat? Free expectation is the morning is made certain by taking German Syrup. It has cured consumption for forty years. Trial bottle, 25c. Big bottle, 75c. At all druggists.
